# ERASMUS+ TEACHER TRAINING COURSES

## ICT courses

### Introducing ICT in Education EU ICT01

The course has been created for teachers and school managers, interested in how ICT can help, integrate and improve the learning experience in the classroom and provide new learning opportunities.

[more details](#)

### Social Media in the Classroom EU ICT02

The course has been created for teachers who want to acquire knowledge about using social media as an educational tool, enhance student engagement and improve communication between students and teachers.

[more details](#)

## courses

### Web Solutions for the Classroom EU ICT03

This course is designed for teachers who would like to further their knowledge of the use of ICT solutions for the classroom. The techniques acquired in the course will enable teachers to make their lessons more engaging for their students, thus making them more effective.

[more details](#)

### Build your App EU ICT04

The course has been created for teachers and school staff interested in learning how to build web and mobile Apps. Participants will have the opportunity to build their own App, as well as to engage with students in the amazing adventure of building an App.

[more details](#)

## **There's an App for that! Best Apps for Teaching and Student Learning** EU ICT05

This course has been created for teachers who want to utilize tablets in the classroom to the best of their ability via educational apps that cover a variety of subjects.

[more details](#)

## **Tablets and Smartphones: using mobile devices as educational tools** EU ICT06

The course has been created for participants interested in Technology Enhanced Learning and M-Learning: they will discover how to use lap-tops, tablets and smartphones in class.

[more details](#)

## Photo & Video in our classroom: creating and adapting visual resources EU ICT07

The aim of this course is to provide participants with tips and methods for the creation and adaptation of audio-visual resources (photos, movies, music clips, documentaries, news, their own videos...) to teach their subjects in a more effective way.

[more details](#)

## 2 Week ICT Course: How to use Educational Apps and Social Media in your Classroom EU ICT08

This course is designed for teachers who would like to experiment new, easy and enjoyable tools to use with their students. Participants will learn how to properly integrate apps and social technology in the classroom as a tool to support learning.

[more details](#)

## 2 week course: Social Media and Web Solutions EU ICT09

In this 2 week course, participants will learn how to incorporate technology into their lessons. Emphasis will be placed on the most popular social media, as well as on modern teaching platforms and Web based solutions.

[more details](#)

## 2 week course: Audiovisuals and Social Media EU ICT10

This 2 week course is for teachers who are interested in using audiovisuals (including video making) and social media, to make their lessons more engaging and encourage teamwork (no prior knowledge is required).

[more details](#)

## **Classroom Management Courses**

### **A Satisfactory School Experience: Strategies and Skills for Teachers** EUICMG01

This course has been created for teachers who want to foster a more dynamic, creative environment in the classroom. This practical, hands-on course is designed to help participants understand, identify and combat early school-leaving, negative school-family relations and the early signs of teacher burn-out.

[more details](#)

### **Conflict Management, Emotional Intelligence and Bullying Prevention** EUICMG02

This course has been created for teachers who want to understand group dynamics and how they affect the classroom. They will learn about the various types of conflict and how to use them as an opportunity for growth.

[more details](#)

### **Facing diversity: Intercultural Classroom Management** EUICMG03

This course is tailor-made for teachers working in multicultural classes in which diversity challenges traditional teaching strategies. Participants will explore how to manage cultural diversity and how to convert it from a burden to an opportunity.

[more details](#)

## **The Flipped Classroom** EUICMG04

It is a new method of teaching that turns the traditional classroom 'upside down'. How does it work? Before a module starts, students autonomously analyse educational materials (short online lessons, videos, podcasts, etc.) at home. In class, participants focus on exercises, projects or discussions.

[more details](#)

## **Happy School: positive education for well-being and life-skills learning**

EUICMG05

This course will introduce participants both to Positive Psychology fundamentals, presenting the most relevant international theories and references, and to Positive Education theories and techniques. Participants will be involved in an active learning process also focusing on personal experience and self-reflection.

[more details](#)

## **Classroom Management Solutions for teachers: new methodologies, effective motivation, cooperation and evaluation strategies** EUICMG06

This course has been created for teachers who want to learn more about managing an effective and up-to-date classroom. Through interactive and engaging activities, you will share classroom strategies, and gain tips for encouraging students to reflect on their own classroom behaviour.

[more details](#)

## **Project-based learning** EUICMG07

In this engaging and hands-on course, participants will gain an understanding about which tools are best for integrating PBL into their lessons and about how to monitor and assess students using PBL. Participants will take away fresh ideas on how to integrate PBL into their classrooms and school curriculum.

[more details](#)

## Foster Entrepreneurships & Creativity through easy ICT tools

EUICMG08

The aim of the course is to broaden the participant's knowledge of some digital tools that can be used to facilitate and develop the students' entrepreneurial spirit and foster creative approaches to problem solving and ideation.

[more details](#)

## 2 Week: Teaching strategies, conflict management and emotional literacy

EUICMG10

This 2 week course has been created for teachers who want to foster a more lively, creative environment to encourage interest in learning, as well as to understand group dynamics and how they affect the classroom.

[more details](#)

## Life coaching for teachers: happy teachers for better students EUICMG09

In this course, participants will learn how to set healthy boundaries to cope with overworking, how to regulate emotions, how to use assertiveness to respond properly to colleagues, students and families' demands, and how to maximize their strengths in order to minimize hurriedness and time wasting.

[more details](#)

## 2 Week : Behaviour and conflicts new methodologies, motivation and cooperation strategies EUICMG11

This practical 2 week course has been created for teachers who want to learn more about managing an effective and up-to-date classroom that encourages participation, motivation and engaged learning, using the latest techniques and classroom tools.

[more details](#)

In this course participants will learn how to design, write and manage all different types of ERASMUS+ projects. They will also be introduced to important Project Management Tools, funding opportunities and EU priorities.

[more details](#)

# Main Course Locations

## Florence

This city is the capital of the Italian region of Tuscany and is widely considered to be the birthplace of the Renaissance. As a result, it hosts some of the world's best museums and art galleries showcasing the city's history. Well known for its rich culture and important historical figures, this city is high up on every traveler's must-see list.

## Dublin

The Republic of Ireland's capital city is a modern, thriving, affluent, and youthful European city. As Joyce, Yeats, Swift, and their modern counterparts have eloquently demonstrated, every corner pub, emerald green, and Georgian square of Ireland's largest city holds a story waiting to be shared. Well known for its alcoholic beverages and friendly atmosphere, even though the weather might not be idyllic, it is a city worth visiting.

## Berlin

Berlin is a vibrant city, combining the signs of its significant history, with a present made of world-renowned universities, orchestras, museums and entertainment venues. The city is well known for its festivals, diverse architecture, nightlife, contemporary arts and a high quality of living. It is a very green city: 1/3 of the city is made up of forests, parks, gardens rivers and lakes, where Berliners as well as the tourists enjoy the contact with nature all year around.

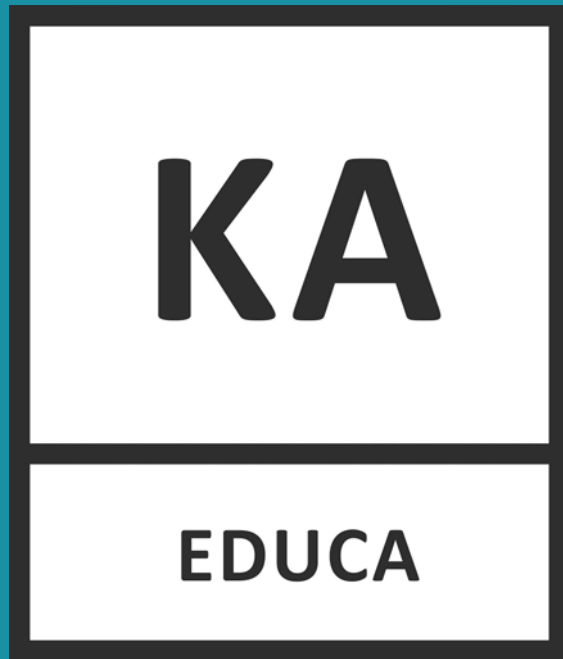

## Nafplio

It is one of the most beautiful towns in the area of the Argolis Gulf in eastern Peloponnese as well as one of the most romantic cities all over Greece. Most of the old town is on a peninsula which forms a natural protected bay. It was the first capital of the Greek state between 1823 and 1834. According to mythology, the town was founded by Náfplios, the son of god Poseidon and the daughter of Danaus (Danaida) Anymone.
